MOVING PICTURES TELL THE STORY OF CREATION

World's Religious History Will Be Shown on Screen at Academy of Music To-Day.

DAILY EXHIBITS FOR MONTH
International Bible Students' Association Produces Two Miles of Film With No Charge to Public.

Time was when the little Bible student of the Sunday school classes pictured in his mind's eye the happenings as recorded in the Good Book from the many-colored lithographs that went to illustrate a text.

But the day of the modern has arrived—a day when it is not quite necessary for the rest of the picture to be drawn by the descriptive ability of the Sunday school teacher.

Commenting today at the Academy of Music there will be shown to the people of this city the photo-drama, "Creation." There will be no charge, and no appeal for funds made in any manner to those who witness the story of the Bible as portrayed in this manner.

Some years ago the International Bible Students' Association determined to find some method to bring to the mind of the people of all the earth the story of the Bible. It must be in a manner that the heathen Chinese or the college professor might read as he ran.

There was only one way that this could be done—through the medium of the universal language, the "moving picture." Then began an elaborate preparation of the subject matter that would be necessary to have the complete story told.

There and then it was found that the greatest stumbling block of skepticism was the matter of "creation." The fact that science and the Bible were on the outs, so far as time and ages were concerned, has made many a skeptic.

SCIENTISTS GIVE ATTENTION
AS WELL AS BIBLE STUDENTS
So it was determined that this should be given the attention not alone of students of the Bible, but by scientists who were in tune with the declarations as made in Genesis.

With their scientific knowledge to call upon, the making of the pictures was commenced. First, the camera means and methods of the showing of creation.

In this alone the most complete data that could be found anywhere in the student world was called upon.

Beginning with the nebular star theory, the pictures and films show the formation that, according to scientists, became the world. There are shown the gathering of the gases, the settling toward solidifying and finally the consolidation into the bare world of the beginning.

Science again plays the part in the records of the creation and preparation of the earth for man. First it shows the creation of the vegetable kingdom, the methods by which the plants multiplied and attained their various forms. Then comes the creation of the animal kingdom. In this prehistoric beings of fantastic shape and size startle the persons who have made no study of the "world as it was in the beginning."

Detail has been closely adhered to, and museums and institutions for the study of the prehistoric have been raked for anything that dealt on the subject, so that investigations of scientists could be closely followed.

Then the supreme point is reached, the creation of man by God. To the foregoing, the master minds that directed the preparation of these pictures gave much of their time.

SAY BIBLE SKEPTICS
HAVE DABBLED IN SCIENCE
The assertion has been made, and with good foundation, that 75 per cent of the skeptics who have declared against the Bible come from those

who have dabbled with science. The claim is that the world of science is not akin to that of the teachers as recorded in the Bible.

These pictures have been the first of any methods to counteract this. The claim is put forth that any skeptic who will view the pictures, and who has a knowledge of science, cannot but be struck with the interlocking of that study and the teaching from the Good Book.

That history, science and the biblical teachings could and have been harmonized is said to be the greatest achievement of the whole of the films. From this on the films deal with the history, political and spiritual, of the Bible.

In the preparation of these films and in order that all detail might be absolutely correct, even to the backgrounds of trees, grasses and architecture, it was necessary that a complete company be sent to the old lands in which the scenes transpired.

There are many church folk whose dream has been one day to stand by Jordan River or by the spot where the tomb of the Christ once was. To them the work of portrayal of biblical events was made to specially appeal.

Old Testament subjects that are as familiar to churchgoing folk as the faces of the members of their families, are brought before the people who see the pictures in a most vivid manner.

The exploits of David, the teachings of Moses and of Solomon, the tribal love of Abraham and Isaac, all are dealt with carefully, and so there will be a lasting picture in the minds of any or all who see the film.

BIBLE PASSAGES RE-ENACTED
THAT BUSY MAN MAY SEE
Then down through the ages, the wonderful story of the three of the fiery furnace, the worship of idols, and the thousand and one passages of the Scripture that make the Bible the most-read book in all the world, has been carefully re-enacted so that the busy man may have no cry that he has not time to view them.

Coming down to the Christian era, John the Baptist, the birth of Christ, the money changers in the temple, the teachings and parables told by Christ in His years of ministration, the love

able passages from St. Mark, St. Luke and St. John are all presented.

Then come the final scenes in the life of Christ. The last supper, the denial of Christ by Peter, the trial before Pilate, and lastly the terrifying picture of the crucifixion.

In all, the scope of Bible study as it has been arranged for casting upon the screen, is the most elaborate since the days that King James set about to have the Bible translated from the Latin to that of the English tongue.

In all, there are over two miles of films to be shown, and about 500 stereoscopic slides. Together with the pictures is one of the strongest talking machine devices that has yet been developed. In a clear, resonant tone this machine details to those present the stories and the conclusions that the pictures are to teach.

The entire photo-drama requires about eight hours to present, and hence it is divided into four sections, which will be presented in order, the program changing twice each week. The initial presentation will be given in the Academy this afternoon at 3 o'clock, and the same program will be repeated on night at 8 o'clock. The exhibition will continue until June 21, showing twice daily.

News of Fredericksburg.
[Special to The Times-Dispatch.]
Fredericksburg, Va., May 23.—City Commissioner R. Stuart Royer has been

re-elected without opposition by the unanimous vote of the City Council to succeed himself as city commissioner and his salary was increased from \$2,500 to \$3,000.

Michael Wallace, deputy clerk of King George County, was arrested charged with attempted assault on Mrs. Murphy, of King George, and was bailed in the sum of \$500 by Justice McDaniel for his appearance at the next term of the Circuit Court.

W. R. Lucas, proprietor of the Hotel Frederick, of this city, has purchased the Hotel Evans in Winchester, and will open it to the public on Monday, June 22.

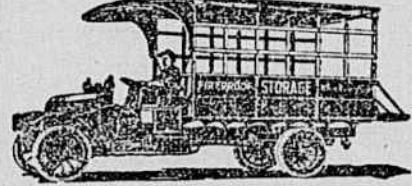

James R. Rawlings, recently appointed postmaster of this city, has received his commission, and is now familiarizing himself with the duties of the office. He will not, however, assume official charge of the post-office until June 1. Postmaster John M. Griffin will continue to serve until that date.

In the plant of the Irvinston Fish Guano Company, on the lower Rappahannock River, is a forty horsepower engine, which probably has no duplicate. It was manufactured in Fredericksburg by the firm of Scott & Herndon more than fifty-five years ago, and does as good work and is as highly prized as any of the more modern engines used. The two large wheels are each eight feet high, and though the engine has been in operation for fifty years, it never gets out of order, and is now apparently as good as new.

McCarthy Supporters to Meet.
Friends of Captain Carlton McCarthy, candidate for re-election to the Administrative Board, will hold an organization meeting at Murphy's Hotel on Monday night at 8:15 o'clock. Managers of the organization and last night this association had no affiliation with the campaigns being organized by any other candidates.

Address for Colored People.
Rev. E. M. Mitchell, pastor of Leigh Street Methodist Church, will deliver an address this afternoon at 3:30 o'clock at the colored Young Men's Christian Association meeting in the Richmond Beneficial Insurance Company auditorium. His subject will be "Making the Most of One's Self."

WHY WORRY ABOUT MOVING?

We have large and small automobile vans, and can move you quick
ANY TIME ANYWHERE.
We can pack your furniture and store it in our fireproof building or ship it to any part of the world.

W. FRED. RICHARDSON, Inc.
Monroe 843. Main and Belvidere Streets.

Painless Dental Work

Our patrons often ask: "How are you able to charge low prices for such beautiful dental work?"

The answer is: There is a large profit in dental work, and partly because we prefer a large practice at small prices to a small practice at large prices, and partly because the combination of several men in one office minimizes expense. Also, by supplying our different offices we buy an immense lot of teeth, gold and other dental supplies, thereby saving a large discount. Therefore we can, by doing dental operations PAINLESSLY and in less time, turn out the best dental work at moderate cost.

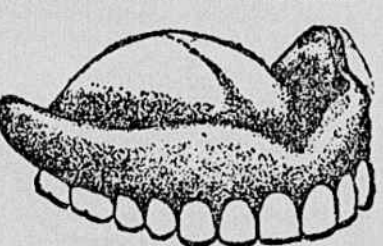

Our Patent Suction Teeth

\$5 A Set. They Never Slip or Drop.

GOLD CROWNS, BRIDGE WORK, \$5.00

Fillings in Gold, Silver, Platinum and Porcelain, 50c to \$1.00 UP

Dr. Dellinger, Dentist, Inc.
600 East Broad Street.
Open Daily 8:30 to 8 P. M. Sundays, 10 to 5.
Special Attention to Out-of-town Patrons.
Telephone Monroe 4887. Lady in Attendance.

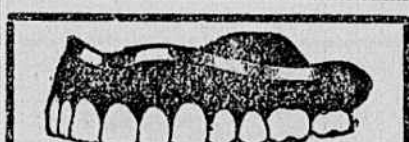

MURRAY'S Ladies' Suits

The newest approved fabrics and styles for summer are now on display.

They are all distinctively new and notably individual in style, material and workmanship.

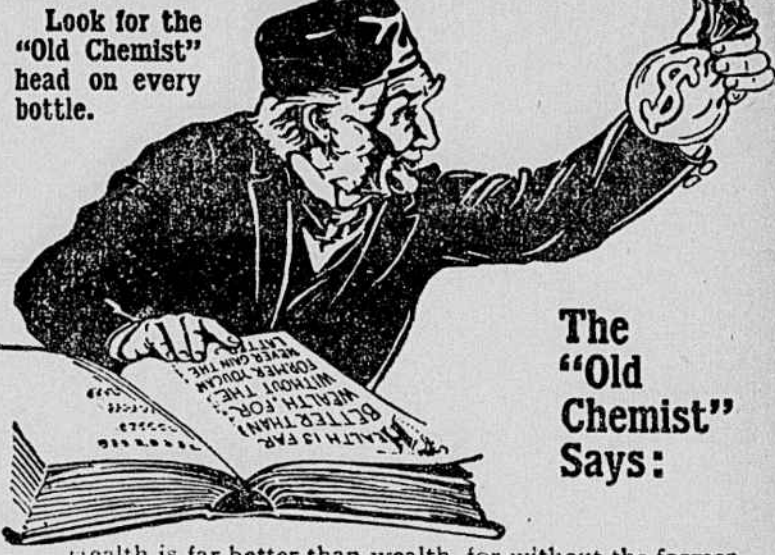

Murray's fashions and fabrics have a distinct appeal to women who desire to be gowned fashionably at a moderate cost.

Madison 0010.

It is as much importance to have your dental work done by a good, reliable dentist as it is to have your teeth looked after at all. We render service second to none, and guarantee every job. Reference to any of our patrons everywhere. Charges most reasonable. We do not use cheap teeth. Only the best. We give results where others fail.

Dr. T. M. Hawkins and Associate.
811 East Broad Street.

The "Old Chemist" Says:

Health is far better than wealth, for without the former you can never gain the latter.

Duffy's Pure Malt Whiskey

brings wealth because it promotes health. Again I say:

"Get Duffy's and Keep Well"

Sold in sealed bottles only, by most druggists, grocers and dealers, \$1.00 a large bottle. Valuable medical booklet and doctor's advice sent free.

The Duffy Malt Whiskey Co., Rochester, N. Y.

CHALMERS

This Man Can CURE Your RUPTURE

WONDERFUL INVENTION REPLACES TRUSS

Rupture Now Supported and Actually Cured Without Use of Old-Fashioned, Ill-Fitting Steel Spring or Elastic Harness.

FREE TRIAL IS OFFERED TO EVERY SUFFERER

Now Is the Time—Here Is Your Chance to Discard Your Truss Forever and CURE Your Rupture.

Here's joyous news for you, for every Rupture sufferer. Think of it! Now you can take your old-fashioned, steel binding, ill-fitting, ever-slipping, steel spring, elastic band or leg strap harness and do just what you've felt like doing many times before—throw it into the fire and burn it up. That's the place for it, too, for such instruments of torture not only make life miserable for the wearer, but often permanently damage his or her general health.

Now it is possible with the aid of a simple but ingenious device, the Schulling Rupture Lock, to hold the rupture perfectly at all times, under any and all conditions, and to be perfectly and absolutely comfortable while wearing it.

The Schulling Rupture Lock is an entirely new idea, different in construction from any other device obtainable for this purpose. It is surprisingly simple, no springs to gouge into the flesh, no elastic bands to rot and smell, no leg straps to make you feel harnessed up like a truck horse, no improperly constructed pads to press directly into and enlarge the ruptured opening.

The Schulling Rupture Lock is scientific and so constructed that it is impossible for it to gouge, bind, slip or get out of place. It is the most comfortable device ever invented for the support and cure of rupture.

Experience in many of the most severe and aggravated cases that could be found has proved that the Schulling Rupture Lock not only holds the rupture with soothing firmness and perfect comfort, but does it in a way that permits rapid healing and complete and lasting cure. Hundreds who have used it say it is a blessing long looked and yearned for by the rupture afflicted.

Send This To-Day I am devoted the wonders of this Rupture Lock to all. Write to me now, this very day, and get my 30-day FREE TRIAL OFFER. Now, now while you are thinking of it, and have the address in front of you, now is the time; you've suffered long enough. The grandest surprise of your life awaits you.

Without risking a penny or taking any chances you can obtain the wonderful Schulling Rupture Lock, perfectly fitted to the individual requirements of your case, enjoy its luxurious comfort and its inestimable benefit for 30 days. You can prove to yourself by an actual test in your own case that there is at least one device within your reach that will hold your rupture perfectly while you go about your duties, while you walk, run, strain, bend, twist or move about in any way you like and that it never slips. The Schulling Rupture Lock Can't slip, Can't bind, Can't pinch. You will feel like shouting with joy before you've worn it one day.

Read the statements in the center of this article from persons who have tested it. The results they describe are wonderful.

READ THESE WORDS
The following are extracts from a few of hundreds of similar letters that have been received by The Schulling Rupture Institute from former sufferers in all parts of the country.

CURED IN 4 MONTHS
"I was fitted with the Schulling Rupture Lock four months ago, and now find that the ruptured opening is entirely healed up. I am 45 years old and never expected a cure at my age."
Columbus, Ind. JOHN SCHINERER.

WAS RUPTURED FOR YEARS—CURED
"I had been ruptured for years—had worn all kinds of trusses and appliances, but all to no avail until your lock was tried. It held my rupture as nothing before had done. Were it for eight months and was completely cured."
Grand Rapids, Mich. EDWARD E. DICKERSON.

SUFFERED 20 YEARS—NOW WELL
"For twenty years I suffered with the worst kind of double hernia. I tried half a dozen kinds of trusses without success. Was told to try a Schulling Rupture Lock. It cured my rupture in nine months."
Grand Rapids, Mich. WALTER WAT.

ONLY ONE THAT GAVE RELIEF
"Of the numerous different trusses that I have bought since my rupture first showed itself ten years ago, your Rupture Lock was the only one that gave me the right support, and at the same time comfortable to wear. Will answer all who are looking for comfort and a cure."
St. Paul, Minn. WM. C. DIEHL.

ANOTHER REMARKABLE CASE
"Your Rupture Lock cured me entirely. The ruptured opening was so large I could put two fingers into it—now I can't even find it."
R. F. D. Blue Ridge, N. Y. BONIE CROSS.

PERMANENTLY CURED
"I have taken my Rupture Lock three months ago, entirely cured of a stubborn rupture. I am 45 years old, was ruptured ten years, and could stick two fingers into the opening."
Red Wing, Minn. ALFRED STAUNCH.

language, telling all about this awful affliction, the modern method of cure and fully describing the Schulling Rupture Lock. With it will be sent full particulars of the Free Trial Offer, the acceptance of which will enable you to learn by actual experience the wonders this modern scientific device is accomplishing. Write to-day—simply fill in the coupon below or send your name and address on a post card.
